COMPANY OVERVIEW

LoDuca's core competency is supporting all levels of construction from the estimating and bidding phase, and/or the design-build stage, to the execution and completion of challenging and complex projects. LoDuca's staff is filled with talented experts who possess diverse skills, allowing for strong in-house support throughout the life of a project.

- LoDuca can self-perform all carpentry work in-house, along with other trades, depending on the scope.
- LoDuca can handle projects ranging from \$500,000 to \$15+ million.
- LoDuca has a strong oversight on each project, including our Superintendents, and Safety Managers.
